Subject: Re: FW: FOIA regarding JM Mills OU2

Hi Judy,

Just following up with my previous question regarding the file for OU2 JM Mills (see below regarding for my previous email information sent on November 5th). We do not have the ability to access libraries in your area, and so need to find another way to obtain the file. To assist in completing this request, here are the three things we are interested in:

- File Index
- Armstrong World Industries PRP folder
- 2001 EPA Complaint to Armstrong

Please let me know if you have any questions!

Regards,

Judy, we received the AR for the current Proposed Plan, as you indicated in your email below.

Just for some additional clarification on our end, the only way to get any additional documents relative to OU2 is to go to one of the libraries you mentioned? We are not located within the State and so would not be able to get the files that way. Are there any other options?

FOIA Request: EPA-R1-2015-000192

Dear Ms. McCormick,

This is in response to your foia request regarding JM Mills OU2. After talking w/ the remedial project manager and site attorney, they have concluded that the Administrative Record requested is also located at the local repositories both Lincoln and Cumberland Libraries. The AR for the current Proposed Plan is available of which I will request for a PDF to send to you in conclusion to this FOIA request.

Any questions please contact, thank you, Judy
